Professional Experience

07/2024 – 08/2024	Frontend Developer Intern – ITI (Jul 2024 – Aug 2024)
Portsaid	<i>Information Technology Institute (ITI)</i> <ul style="list-style-type: none">completed intensive web development training covering HTML, CSS, JavaScript, Bootstrap, jQuery, and Sass.Developed multiple interactive web applications and applied clean code practices.Used Git and GitHub for version control and collaborative project

Projects

02/2024 – 03/2024	Gemini AI Clone <i>HTML, CSS, Bootstrap, JavaScript, API Integration</i> <ul style="list-style-type: none">Built a front-end clone of Gemini AI with a responsive UI and interactive features.Implemented dynamic input handling and integrated APIs to simulate real-time AI responses.Live Demo: omar-rehann.github.io/Gemni-Ai
08/2024 – 09/2024	Portfilo <i>HTML, CSS, Bootstrap, Javascript</i>

- Built a **Personal** portfolio website as a curated showcase of my front-end development journey, creative CSS art, and bilingual technical documentation (English & Arabic).
- Applied clean code principles and responsive design to deliver a user-centric interface and elegant web solutions.
- Live Demo: omar-rehann.github.io/Omar-Rehann 

05/2024 – 06/2024

E-Commerce Web Application

HTML, CSS, JavaScript, Bootstrap

- Designed and developed a responsive e-commerce website for online shopping.
- Implemented product listing, cart functionality, and modern UI/UX practices
- Live Demo :<https://omar-rehann.github.io/Cava-Ecommerce/> 

05/2024 – 06/2024

Electronic Mart – E-Commerce Web Application

HTML, CSS, JavaScript, Bootstrap

- Created a full e-commerce front-end platform with categories, product pages, and cart features.
- Applied clean code principles and responsive design for seamless user experience across devices
- Live Demo :<https://omar-rehann.github.io/Electonic-Mart/> 

01/2024 – 02/2024

CRUD Application

HTML, CSS, Bootstrap, JavaScript

- Developed a dynamic CRUD (Create, Read, Update, Delete) application to manage data efficiently.
- Focused on clean code structure, responsive design, and user-friendly interface.

28/8/2025 –

29/8/2025

Weather App

HTML, CSS, Bootstrap, Javascript

- Search for weather information by city name
- View real-time temperature, humidity, and weather conditions
- Live Demo :<https://omar-rehann.github.io/Weather-App/> 

Education

2021 – 2024

Port Said, Egypt

Bachelor of Science, Computer Science

Faculty of Science, Port Said University – Grade: Very Good

- Studied core computer science subjects, including Data Structures, Algorithms, and Object-Oriented and Programming (OOP).
- Completed coursework in applied mathematics, enhancing analytical problem-solving skills.
- Learned software development principles for designing efficient and scalable technical solutions.
- Completed a graduation project developing a web application using JavaScript and frontend technologies.
- Learned system design using discrete mathematics concepts to improve solution efficiency.

Certificates

- Coursera – Introduction to Front-End Development
- FreeCodeCamp – JavaScript Algorithms and Data Structures
- SDLC & Clean Code Principles
- C++ Programming Certificate
- FreeCodeCamp – Responsive Web Design
- CSS50 – Fundamentals of Web Development
- OOP, Data Structures & Algorithms
- Soft Skills: Time Management, Communication Skills, Presentation Skills, Self-Learning

Languages

- Arabic
- English
