 Al-Zawiya, No. 1 - El Manakh, Port Said, Egypt

About Me

A highly skilled Front-End Developer with hands-on experience in modern web technologies, including HTML, CSS, JavaScript, Bootstrap, Git, GitHub, JSON, and API integration. Passionate about crafting responsive, interactive, and user-friendly interfaces that enhance user experience and performance.

Proficient in version control systems and collaborative development, ensuring smooth project workflows and efficient code management. Skilled in data handling and API communication, enabling seamless integration of front-end applications with backend services.

Committed to continuous learning and staying up-to-date with the latest advancements in web development to deliver optimized and scalable solutions.

Education

Bachelor of Computer Science

Faculty of Science, Port Said University

2021- 2024

A highly motivated Computer Science graduate from Port Said University – Faculty of Science, with a strong foundation in software development, problem-solving, and analytical thinking. Passionate about leveraging technology to build efficient, user-friendly digital solutions. Experienced in programming, system analysis, and software engineering, with a deep curiosity about emerging technologies and innovation.

Proactive in learning new tools and frameworks, with a keen eye for detail and optimization. Able to adapt quickly in dynamic environments and work efficiently in collaborative teams. Strong communication skills and a growth mindset allow for effective problem resolution and the ability to contribute meaningfully to projects.

Experience

Course HTML & css

Mahara-Tech

2023 - 2024

Successfully completed a course in HTML & CSS, gaining expertise in web page structuring, styling, and responsive design principles. Developed practical projects to enhance UI/UX understanding and improve coding efficiency.

Course Bootstrap5

Korsat Code

2023 - 2024

Successfully completed a course in Bootstrap, mastering responsive design, grid systems, and component-based styling. Gained hands-on experience in utilizing pre-designed components to build modern, user-friendly web interfaces efficiently.

Course JavaScript

Mahar-Tech

2023 - 2024

Successfully completed a JavaScript course, gaining a deep understanding of programming fundamentals, DOM manipulation, event handling, and asynchronous operations. Developed hands-on projects to enhance coding efficiency and problem-solving skills.

Course Modern Js(ES6)

Mahar-Tech

2023 - 2024

- Successfully completed a course in ES6, mastering modern JavaScript features such as let & const, arrow functions, template literals, destructuring, promises, and modules. Gained hands-on experience in writing clean, efficient, and scalable JavaScript code following best practices.

Course Json & Api

Korsat Code

2023 - 2024

Successfully completed a course in JSON & API integration, gaining expertise in structured data handling, fetching and processing API responses, and interacting with RESTful services. Developed hands-on projects to work with dynamic web applications and enhance backend communication.

Skills

- HTML
- HTML5
- css3
- CSS
- Bootstarp
- Responsive Design
- javascript
- modern Javascript ES6
- Git & GitHub
- json
- Api
- Clean Code
- C++
- OOP

Soft Skills

- Communication Skills
- Communication
- Time Management
- Persention Skills
- Teamwork
- Learn How To Learn
- Self-Learning
- Remote Learning

Projects

- Online Examntion System
- portfilo
- Gym
- Grocery-Mart
- Crud
- ShopyKart
- Weather
- Lugux
- Medcine
- Car Services
- Indstural
- Hair Salon
- Resturant
- Cafe House
- Hotel Design
- Cv Template

Course Git & Github

Korsat Code

2023 - 2024

Successfully completed a course in JSON & API integration, gaining expertise in structured data handling, fetching and processing API responses, and interacting with RESTful services. Developed hands-on projects to work with dynamic web applications and enhance backend communication.

Course Principle Clean Code

Mahar-Tech

2023 - 2024

Successfully completed a course in JSON & API integration, gaining expertise in structured data handling, fetching and processing API responses, and interacting with RESTful services. Developed hands-on projects to work with dynamic web applications and enhance backend communication.

Course Principle Clean Code

Mahar-Tech

2023 - 2024

Successfully completed a course in JSON & API integration, gaining expertise in structured data handling, fetching and processing API responses, and interacting with RESTful services. Developed hands-on projects to work with dynamic web applications and enhance backend communication.

Course CS50

Tera Courses

2023 - 2024

Successfully completed a course in JSON & API integration, gaining expertise in structured data handling, fetching and processing API responses, and interacting with RESTful services. Developed hands-on projects to work with dynamic web applications and enhance backend communication.

Course Frontend Development (120 hrs)

ITI (Information Technology Institute)

2023 - 2024

Successfully completed a Front-End Development course at ITI (Information Technology Institute), gaining expertise in modern web technologies, including HTML, HTML5, CSS, CSS3, JavaScript, jQuery, Sass, and Responsive Design. Developed hands-on projects to apply best practices in UI/UX, mobile-friendly designs, and interactive web development.
