Summary

Front-End Developer specializing in React.js and Next.js, with hands-on experience delivering 4+ production-ready web applications including authentication, CMS integration, and admin dashboards. Front-End Instructor with experience mentoring 100+ students in component-based architecture and modern JavaScript frameworks.

Professional Experience

Freelance Front-End Developer *Zero Tech*

August 2026 – Present

- Architected a responsive security systems e-commerce site with Next.js/React.js, including product filtering, cart, Clerk auth, and RTL support.
- Gathered client requirements independently and delivered Phase 1 on schedule; planned multi-language and Dark/Light Mode support.

Front-End Instructor *Techno Square*

April 2026 – July 2026

- Taught React.js/Next.js to 100+ students via hands-on projects and code reviews, improving code quality through direct feedback.

Remote Front-End Development Training Program *Information Technology Institute (ITI)* **Jul 2024 – Aug 2024**

- Completed 120-hour training covering HTML5, CSS3, JavaScript, Bootstrap, and SASS.
- Built responsive web applications using modern front-end practices.

Skills

- Frontend & Web Development:** HTML5, CSS3, Responsive Design, JavaScript (ES6+), TypeScript, React.js (React Hooks, Redux Toolkit, React Router), Next.js, Bootstrap, Tailwind CSS, React Bootstrap, Shadcn UI, HyperUI, Component-Based Architecture, UI/UX Fundamentals
- Tools & Productivity:** Git, GitHub
- Backend Fundamentals:** PHP, MySQL, Database Concepts (code reading & understanding), Strapi CMS, REST APIs
- Programming & Fundamentals:** OOP, Data Structures Algorithms, C++
- Soft & Other Skills:** Problem Solving, Teamwork, Self-Learning

Projects

Car Marketplace

- Built a high-performance e-commerce marketplace designed to streamline vehicle search and comparison, enabling users to filter and browse cars effortlessly through an intuitive UI.
- Integrated secure Clerk authentication, instant Cloudinary media processing, and dynamic database queries via Drizzle ORM to ensure fast page load speeds and data reliability.
- Engineered a responsive UI with reusable components using React.js, Tailwind CSS, and shadcn/ui, including full admin CRUD operations.
- Tech Stack:** React.js, Tailwind CSS, shadcn/ui, PostgreSQL, Drizzle ORM, Clerk, Cloudinary.
- Demo:** [Live Demo](#) **GitHub:** [Repository](#)

Doctor Appointment Booking System

- Engineered an end-to-end healthcare booking solution that simplifies patient scheduling and minimizes booking friction across all devices.
- Empowered administrative staff to seamlessly manage medical data, specialty listings, and doctor profiles dynamically using **Strapi CMS** without technical overhead.
- Developed a scalable, mobile-first frontend architecture using **Next.js**, Tailwind CSS, and **shadcn/ui** with secure Clerk authentication.
- **Tech Stack:** Next.js, React.js, Tailwind CSS, shadcn/ui, Strapi CMS, Clerk, REST API.
- **Demo:** [Live Demo](#) **GitHub:** [Repository](#)

Home Services Platform

- Designed a seamless service marketplace connecting customers with local service providers through structured categories and a transparent online booking workflow.
- Optimized UI responsiveness and page routing using **Next.js** and **shadcn/ui**, driving higher user retention and booking completion rates.
- Integrated **Strapi CMS** via REST APIs for real-time category management and service content deployment with Clerk authentication.
- **Tech Stack:** Next.js, React.js, Strapi CMS, Tailwind CSS, shadcn/ui, Clerk.
- **Demo:** [Live Demo](#) **GitHub:** [Repository](#)

Taxi Booking

- Developed an interactive ride-hailing web application focused on enhancing user trust through real-time map navigation using **React Leaflet** for destination tracking.
- Improved user convenience by implementing dynamic booking history, instant ride cancellation options, and secure user profile authentication with Clerk.
- Built modular, reusable UI components utilizing **Next.js**, Tailwind CSS, and **shadcn/ui** for seamless navigation.
- **Tech Stack:** Next.js, React.js, Strapi CMS, Tailwind CSS, shadcn/ui, React Leaflet, Clerk.
- **Demo:** [Live Demo](#) **GitHub:** [Repository](#)

Online Courses & Certifications

- | | |
|--|--|
| • Introduction to Front-End Development
<i>Coursera (2024)</i> | • Responsive Web Design
<i>freeCodeCamp (2024)</i> |
