Summary

Front-End Developer specializing in building responsive and scalable web applications using React.js. Experienced in developing real-world projects including SPAs, dashboards, and API-integrated applications. Strong foundation in JavaScript, modern UI/UX practices, and performance optimization. Passionate about problem-solving and continuously improving technical skills. Currently seeking a Junior Front-End Developer role to contribute to impactful products.

Areas of Expertise

Frontend Development, React.js, Responsive Web Design, UI/UX Implementation, JavaScript (ES6+), API Integration, Git & GitHub

Professional Experience

Front-End Development Training Program *Information Technology Institute (ITI)* **Jul 2024 – Aug 2024**

- Completed a 120-hour intensive Front-End Development training program.
- Gained hands-on experience in HTML5, CSS3, Responsive Design, JavaScript (ES6+), Bootstrap, SASS, and jQuery.
- Built responsive and interactive web pages focusing on modern UI structure and user experience.
- Strengthened problem-solving skills and applied best practices in front-end development.

Remote Front-End Internship *Codveda Technologies* **May 2026 – June 2026**

- Completed a structured remote internship with progressive front-end development tasks.
- Level 1:**
 - Developed a responsive landing page using HTML, CSS, JavaScript, and Responsive Design principles.
 - Built an Interactive Form with validation.
 - Implemented Basic DOM Manipulation using JavaScript.
- Level 2:**
 - Developed a Single Page Application (SPA).
 - Integrated REST APIs to fetch and display dynamic data.
 - Built a responsive project using Bootstrap framework.
- Level 3:**
 - Created a Custom Component Library for reusable UI elements.
 - Applied Performance Optimization techniques to improve application efficiency.
 - Completed an advanced front-end project demonstrating all learned concepts.

Projects

- Medical Website**
 - Modern and responsive medical platform built with React.js.
 - Features medical departments, doctors profiles, appointment booking, and health content.
 - Focus on clean UI/UX, component-based architecture, and smooth navigation.

- Live Demo: <https://omar-rehann.github.io/Medical-Website/>

• E-Commerce Web Application

- Responsive online shopping website with product listing and cart functionality.
- Implemented modern UI/UX practices and clean code structure.
- Live Demo: <https://omar-rehann.github.io/Ecom-Hub/>

• Admin Dashboard

- Responsive and interactive admin panel with authentication and protected routes.
- Dynamic data visualization using Chart.js and reusable components.
- Live Demo: <https://omar-rehann.github.io/Admin-DashBoard/>

• INote Tech Company Website

- Responsive company website with Home, About, Services, Join, and Blog sections.
- Interactive UI components and animations for better user experience.
- Live Demo: <https://omar-rehann.github.io/INotee-Company/>

• Personal Portfolio

- Personal showcase of front-end projects and bilingual content (English & Arabic).
- Clean, responsive, and user-centric design.
- Live Demo: <https://omar-rehann.github.io/Omar-Rehann/>

• YouTube Clone

- Responsive video streaming interface replicating YouTube core features.
- Includes video listing, search, sidebar navigation, and React Router.
- Live Demo: <https://omar-rehann.github.io/Youtube-Clone/>

Online Courses & Certifications

• JavaScript Algorithms and Data Structures freeCodeCamp (2024)

- Advanced JavaScript certification focusing on algorithms, data structures, and problem-solving.
- Covered Object-Oriented Programming, Functional Programming, and complex algorithmic challenges.

• JavaScript Certification freeCodeCamp (2024)

- Comprehensive course covering variables, functions, loops, objects, DOM manipulation, and Asynchronous JavaScript (Promises, Async/Await).

• Introduction to Front-End Development Coursera (2024)

- Foundational course introducing HTML, CSS, JavaScript, and core front-end development concepts.

• Front-End Web Development Program Maharah Tech (2024)

- Intensive training program covering HTML5, CSS3 (Responsive Design), JavaScript, and React fundamentals.
- Practical hands-on projects with focus on modern web development practices.

Education

B.Sc. in Computer Science *Faculty of Science, Port Said University*
Grade: Very Good (B+)

Port Said, Egypt 2021 – 2025

Skills

- **Frontend & Web Development:** HTML5, CSS3, Responsive Design, JavaScript (ES6+), TypeScript, React.js (Redux Toolkit, React Router), Bootstrap
- **Tools & Productivity:** Git, GitHub
- **Backend (Basic Knowledge):** PHP, MySQL, Database Concepts (code reading & understanding)
- **Programming & Fundamentals:** C++, OOP, Data Structures & Algorithms, Bash Scripting
- **Soft & Other Skills:** Problem Solving, Teamwork, Self-Learning, AI Tools, Strong Mathematical Thinking, Presentation Skills (Gamma, Google Slides)

Languages

- **Arabic** [Native]
- **English** [B1]
